

HushTower

Light Years Ahead

For quality lighting
and power generation call
Power Electrics on

0870 850 0858

Power Electrics are pleased to introduce the new Super Silent **Hushtower** lighting set.

Designed to be positioned and erected in the minimum amount of time, it incorporates the latest features which make it extremely versatile and safe to use on site.

The **Hushtower** low running costs ensure the unit offers

a vast amount of light and real value for money.

Power Electrics are the only major independent generator rental company offering both the Super Silent **Hushtower** **Hushgen** and **Hushgen** generators.

With our specialist support we deliver equipment on time whenever and wherever it is required.

LOW SOUND LEVELS FROM THE SUPER SILENT HUSHGEN POWER PACK

- Quiet lighting suitable for all environments

ONE LEVER 'UP' OR 'DOWN' OPERATION TO ERECT MAST

- Simple to understand control panel for easy and safe operation

72 HOURS RUNNING TIME FROM ITS INTERNAL BUNDED FUEL TANK

- Reducing refuelling requirements to a minimum

9 METRE MAST CAN BE FULLY ERECT IN LESS THAN 30 SECONDS

- Helps fast deployment of multiple machines over any site

ROBUST 4 X METAL HALIDE LAMPS
